# ALFAZAR'S

BOOK OF  
BONDAGE

VOLUME ONE

AN SQP PRESENTATION

## ALAZAR: Learning the Ropes:

Alazar is a bondage artiste of the first order! For those outside the handcuff community, he's a sick little puppy. For many fetish fans, he is a mighty twisted god! However, for the vast majority who get his scenes of sublime submissiveness, he's simply a gifted genius. As a child of the Fifties, he started drawing whenever he'd happen on an interesting image from the magic flicker of the television. As he entered puberty, he started to use his artistic gifts for darker purposes (much to the delight of his first paying clients - his fellow high school students). Having someone who could actually take your nastiest desires and illustrate them gave Alazar his first die-hard fan base. As time went on, he discovered he wasn't the first person to draw buxom lasses in positions of delightful discomfort. B&D masters like John Willie and Eric Stanton gave Alazar the inspiration to forge ahead and plumb new depths of depravity. Sure, it's a tough job, but somebody's got to do it!

A multi-year winner of the prestigious Bondage Artist of the Year award, Alazar's work balances the exquisite beauty of the supplicant with the terror of her ordeal. For over thirty years, his visions have delighted thousands. Magazines, paperback covers, erotic comics, and private commissions have kept this talented man constantly employed.

When he's not creating a fiendish new way to entangle a young lady, he's out wandering the hills of upstate New York, always in search of new knot to untie!

This book is filled with images that have made Alazar's name a legend in the world of B&D erotica. All are created in traditional media (old-timey paper and pencil). For finishes and backgrounds, Alazar works his digital magic, much of which can be seen (and purchased) on his two deeply disturbed sites: [www.alazarsart.com](http://www.alazarsart.com) & [www.alazarswomen.com](http://www.alazarswomen.com). Keep in mind, what you hold in your hands right now is just the first of many volumes from the mind and hand of Alazar!
